Feedback about college (*resources and response from the college on your approach*)

On recent visit to the college, I heard they are establishing a laboratory on PLCs which is a good thing. There should be more labs established on Hardware components, as it gives a practical understanding to the students.

Rate in a scale of 1-5: 4

Feedback about T&P (*Placement opportunities and support from T&P Cell*)

During our graduation year we didn't find much opportunities for our Branch. We and our faculty approached T&P cell on this, but then couldn't find a satisfactory response from them.

It is the responsibility of T&P cell to bring opportunities and I saw that's lacking.

Rate in a scale of 1-5: 2

Feedback about the Department/Faculty (*T-L process and support from the faculty*)

All the faculty were helpful at any given point of time, be it regarding academics or personal concerns.

Rate in a scale of 1-5: 5

Feedback regarding Objectives and Outcomes *(Please comment by referring EIE Program Educational Objectives (PEOs) and Program Outcomes (POs & PSOs) from EIE department webpage)*

The Program Outcomes for few courses (CCP/PC/VLSI Design/PCBI/MCES) could be better by adding more in-depth concepts, instead of just referring all concepts at once.

Rate in a scale of 1-5: 4

Feedback regarding curriculum *(Adequacy of content for Higher Education or Job)*

Same is applicable here, as few courses (CCP/PC/VLSI Design/PCBI/MCES) could be better/useful for higher education by adding more in-depth concepts, instead of just referring all concepts at once.

Rate in a scale of 1-5: 3

Suggestions for improvements *(To the Department and College)*

No improvements required for faculty, if they are provided with required resources to deliver lectures to the students in a more practical approach.

If you are interested in contributing to KITSW family in any form like giving guest lectures, interaction with students, providing placements and donations, Give us an opportunity to contact you.

FEEDBACK FOR REVIEW OF SYLLABUS

Date: 15/0/2018

KITSW values feedback from students, teachers, employers, parents and alumni regarding its syllabuses and other curriculum matters as part of its continuous improvement policy. To provide feedback please complete the following feedback survey form.

Please select your category:

Student	
Teacher	
Employer	✓
Parent	
Alumni	
Other (Please specify)	

Employer's feedback

Please give following details:

Name	Srinivas Thunna
Name of Organisation You belong to (Address)	Smith Electronics P. Ltd, Kupharabail
Designation	M.D.
Contact Details	thunna@smith.in, 7571053388

Please rate the syllabus on the following points:

- A. Is the syllabus capable of adding learning values (in terms of skills, concepts, knowledge, analytical abilities) in students ?

Poor	
Fair	
Average	
Good	
Excellent	✓

- B. Is our syllabus compatible with the industry standards & applicable/relevant to real life situations?

PROGRAMME EDUCATIONAL OUTCOMES (PEO)

Programme Educational Outcomes (PEO) are statements describing attributes which should be achieved by graduates after their graduation.

PEOs: Engineering Graduates will be able to:	Strongly Agree(3)	Agree (2)	Neutral (1)
PEO1: Building on fundamental knowledge, graduate should continue develop technical skills within and across disciplines in Electronics and Instrumentation Engineering for productive and successful career maintaining professional ethics	3		
PEO2: Graduates should develop and exercise their capabilities to demonstrate their creativity in engineering practice and team work with increasing responsibility and leadership	3		
PEO3: Graduates should refine their knowledge and skills to attain professional competence through lifelong learning such as higher education, advanced degrees and professional activities.	3		

PROGRAMME OUTCOMES (POs)& PROGRAMME SPECIFIC OUTCOMES (PSOs)

Outcomes	Strongly Agree(3)	Agree (2)	Neutral (1)
PO1 an ability to apply knowledge of mathematics, science and engineering	3		
PO2 an ability to design and conduct experiments, as well as to analyze and interpret data.	3		
PO3 an ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.	3		
PO4 an ability to function on multidisciplinary teams.	3		
PO5 an ability to identify, formulate, and solve engineering problems	3		
PO6 an understanding of professional and ethical responsibility.	3		
PO7 an ability to communicate effectively	3		
PO8 the broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context	3		
PO9 a recognition of the need for, and an ability to engage in life-long learning	3		

PO10	a knowledge of contemporary issues	3		
PO11	an ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.	3		
PSO1	an ability for immediate professional practice as an Electronic and Instrumentation Engineer	3		
PSO2	An ability to use fundamental knowledge to investigate new and emerging technologies leading to innovations in the field of Electronics & Instrumentation engineering.	3

PROGRAMME EDUCATIONAL OUTCOMES (PEO)

Programme Educational Outcomes (PEO) are statements describing attributes which should be achieved by graduates after their graduation.

PEOs: Engineering Graduates will be able to:	Strongly Agree(3)	Agree (2)	Neutral (1)
PEO1: Building on fundamental knowledge, graduate should continue develop technical skills within and across disciplines in Electronics and Instrumentation Engineering for productive and successful career maintaining professional ethics			✓
PEO2: Graduates should develop and exercise their capabilities to demonstrate their creativity in engineering practice and team work with increasing responsibility and leadership	✓		
PEO3: Graduates should refine their knowledge and skills to attain professional competence through lifelong learning such as higher education, advanced degrees and professional activities.	✓		

PROGRAMME OUTCOMES (POs)& PROGRAMME SPECIFIC OUTCOMES (PSOs)

Outcomes	Strongly Agree(3)	Agree (2)	Neutral (1)
PO1 an ability to apply knowledge of mathematics, science and engineering		✓	
PO2 an ability to design and conduct experiments, as well as to analyze and interpret data.	✓		
PO3 an ability to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability, and sustainability.	✓		
PO4 an ability to function on multidisciplinary teams.	✓		
PO5 an ability to identify, formulate, and solve engineering problems	✓		
PO6 an understanding of professional and ethical responsibility.	✓		
PO7 an ability to communicate effectively	✓		
PO8 the broad education necessary to understand the impact of engineering solutions in a global, economic, environmental, and societal context	✓		
PO9 a recognition of the need for, and an ability to engage in life-long learning	✓		
PO10 a knowledge of contemporary issues	✓		
PO11 an ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.	✓		
PSO1 an ability for immediate professional practice as an Electronic and Instrumentation Engineer	✓		
PSO2 An ability to use fundamental knowledge to investigate new and emerging technologies leading to innovations in the field of Electronics & Instrumentation engineering.	✓		

Suggestions / Feedback on Academic (class work / subjects, etc.):

Class Room Learning and Teaching is excellent.
As concerned the subjects included are useful
for knowledge gaining.

Suggestions / Feedback on Infrastructural facilities:

Good Infrastructure and Labs.
→ Need Requirements in Instrumentation &
measuring labs.

Any other feedback:

→ Please try to conduct more practical /
real time workshops.
→ Concentration on individual student performance
is required.

GRADUATE EXIT FEED BACK

The Department of Mechanical Engineering, KITSW is implementing outcome based education as per the requirements of National Board of Accreditation. The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.

The Department of Mechanical Engineering, KITSW is implementing outcome based education as per the requirements of National Board of Accreditation. The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.

FEEDBACK FORM-Parents

The Department of Mechanical Engineering, KIITSW is implementing outcome based education as per the requirements of National Board of Accreditation. The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.

FEEDBACK FORM-Parents

The Department of Mechanical Engineering, KITSW is implementing outcome based education as per the requirements of National Board of Accreditation. The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.

ALUMNI FEEDBACK FORM

The Department of Mechanical Engineering, KITSW is implementing outcome based education as per the requirements of National Board of Accreditation. The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.

The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

2017 - 21.

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.

FEEDBACK FORM-Employers/ Recruiters

The Department of Mechanical Engineering, KITSW is implementing outcome based education as per the requirements of National Board of Accreditation. The followings are the program educational objectives, program specific outcomes and Program outcomes of the Mechanical Engineering programme. Based on your experience with Mechanical Engineering please indicate how important these objectives to the professional career. This will help the Department to evaluate and improve the effectiveness of the B. Tech (ME) programme and mould the students to output excellence in their career after graduation.

Objectives of the survey:

1. To gather information on the importance of the Programme Educational Outcomes (PEO), Programme Outcomes (PO) and Program Specific Outcomes (PSO) statements.
2. To measure our graduates' accomplishments of PEOs after their graduation and also to measure their attributes i.e. POs and PSOs on the day of graduation.

The Department of Mechanical Engineering would be grateful if you could spare some time to complete this survey form.
