

Electronics Communication & Instrumentation Engg. Association (ECIA) - Event report

(Odd semester - A.Y 2022-23)

- At institute level, Student Mentoring and Career Guidance (SMCG) cell functions with a prime objective to centrally mentor and provide career guidance to the students.
- Based on the guidelines given from the Prof.I/c SMCG, through Faculty advisors of Electronics Communication & Instrumentation Engg. Association (ECIA), department is conducting Seminars/Awareness programs on Career guidance and higher education opportunities to the students during ECIA association hours.
- Through ECIA events, the department is encouraging students to participate in online career counselling sessions, webinars and workshops.
- Students are made aware about the career opportunities available through LinkedIn & other professional networking platforms
- With permission of SMCG office & HoD, Career guidance experts from renowned organizations like Global tree, Leap Geebee, August Overseas & ACE Engg. Academy interacted with prefinal year and final year students during Association hours and guided the students with regard to higher education opportunities to pursue M.Tech through GATE/MS (Abroad) through GRE/IELTS/Duolingo/TOEFL).

Highlights of event - "Awareness session on studies abroad and scholarships"- Conducted on 6th April 2023:

- ✓ An awareness session on 'Studies Abroad and Scholarships' was organized by the department during ECIA hour in association with SMCG Cell.
- ✓ Around 80 to 100 students attended the session and the resource person was **Sri B.Srikanth, Business Development Executive, Global Tree, Hyderabad.**
- ✓ The speaker discussed various aspects of acquiring admission abroad, such as the GRE, Duolingo, IELTS and TOEFL examinations, premier institutions and their eligibility criteria, courses, etc. Resource person also spoke about financing foreign education, such as loans, scholarships and grants.
- ✓ In the talk of PowerPoint presentation, which displayed sample questions from the Graduate Record Examination (GRE) along with details about the academic requirements, applications and expenses.

- ✓ Resource person provided an insight into the life of an Indian student in the USA and the importance of planning in advance.
- ✓ The session was extremely helpful as it provided details on studying abroad and also clarified the idea of foreign education. The students were able to clear their doubts and understand the process of applying to an international institution.
- ✓ Overall, the session was informative and interactive. The speaker enlightened the students about how their professionals have been in the industry for many years and have dealt with a wide range of situations.
