Feedback about college (*resources and response from the college on your approach*)

On recent visit to the college, I heard they are establishing a laboratory on PLCs which is a good thing. There should be more labs established on Hardware components, as it gives a practical understanding to the students.

Rate in a scale of 1-5: 4

Feedback about T&P (*Placement opportunities and support from T&P Cell*)

During our graduation year we didn't find much opportunities for our Branch. We and our faculty approached T&P cell on this, but then couldn't find a satisfactory response from them.

It is the responsibility of T&P cell to bring opportunities and I saw that's lacking.
