Techies selected by Mindtree at Warangal

Mindtree, M Kiran Kumar and S Yothitha have attended the success meet with all the 211 recruited candidates. Speaking on the occasion, Kiran Kumar highlighted that Mindtree is a global technology consulting and services company that enables enterprises across in-

dustries to drive superiority. Our services extended across 24 countries and 22 years of delivering excellence with more than 276 active clients, he added.

According to KITSW treasurer, P Narayana Reddy, the students are encouraged to best leading technological practices and develop their cutting edge skills for achieving high CTC packages. Principal, Prof. K. Ashoka Redd said that effective implementation of Outcome Based Education (OBE) methods by integrating Innovation Incubation Research and Entrepreneurship (IIRE) approaches in Teaching and Learning Process (TLP). It leads to our students becoming technologically superior and ethically strong.

Success lies in hard work

12 KITS Warangal students get campus placements

STATE BUREAU
Warangal

Kakatiya Institute of Technology and Science (KITS), Warangal, chairman Capt V Lakshminikantha Rao said B.Tech final year 12 students of the college had secured jobs from Verisk Analytics, a US-based company with a centre in Hyderabad, as software engineers with a package of Rs 7.50 lakh per annum (LPA). “The total number of placements for the academic year 2022-23 touched 676 with this latest recruitment,” he said in a press note here on Friday.

KITSW Principal Prof K Ashoka Reddy said that they were imparting instructions based on the curriculum which was focusing

The KITSW students with the faculty members on the campus.

on Innovation Incubation Research and Entrepreneurship (IIRE) activities. This, constantly aligned with the latest technological tools, was the dominating factor behind this achievement. "Our proud alumni and Industry experts, being the members of

the Board of Studies, are actively involved in upgrading the curriculum of all branches of engineering to meet the growing requirements of software, IT and core companies, from time to time," he added. College faculty congratulated the students.
