(An Autonomous Institute under Kakatiya University, Warangal)

VOTER ID DRIVE

NSS-KITSW (National Service Scheme - KITS Warangal) volunteers have taken up the task of enrolling the voter applications of college students who have turned 18 years old and have not applied for a voter ID card through the ECI (Election Commission of India) government portal or the Voter Helpline application. Their tireless efforts in this voter ID drive are commendable. The voter registration process typically involves filling out the Form 6, which is the application form for inclusion of name in the electoral roll. The volunteers help students complete this form accurately and ensure that all the necessary information is provided. They also assist in gathering the required documents, such as proof of age and address, and help students submit the application through the appropriate channels.

Details:

Name of Institution : Kakatiya Institute of Technology and Sciences ,Warangal

Head of the Institution : Prof. K. Ashoka Reddy

Date, Time & Location: 02-09-2023

From 9.00 a.m to 4.00 p.m

KITSW Auditorium

Coordinators : Dr. Ch.Sateesh Chandra

Benefit to current Society:

- Increased democratic participation: By the drives , eligible citizens are encouraged to register and obtain their voter ID cards. This leads to increased participation in the democratic process, as individuals become empowered to exercise their right to vote .
- Inclusive representation: it ensure that a diverse range of individuals from various segments of society are registered to vote. This results in a more representative electorate, where the voices and perspectives of different groups are heard and considered during elections. It promotes a democratic system that reflects the true will and interests of the people.

-A more politically aware and involved society: After enrollment and proper guidance to the students to have a say in shaping the future of their community and country with a politically aware society.

Detailed Description of event :

NSS-KITSW (National Service Scheme - KITS Warangal) have taken up the task of enrolling the voter applications of college students who have turned 18 years old and have not applied for a voter ID card through the ECI (Election Commission of India) government portal and the Voter Helpline application. The drive was held on September 08,2023 and got extended through out the next week to get all the students of KITSW to be registered for their voter id's. The volunteer's tireless efforts in this voter ID drive are commendable. They have conducted extensive awareness campaigns within the college and surrounding areas to educate students about the importance of voter registration and the electoral process. They have organized campaigns and awareness sessions to create awareness and encourage participation. Understanding that some students may require personalized assistance, the volunteers have provided one-on-one guidance. They have set up help desks or booths where students can approach them for support. Volunteers patiently explain the registration process, assist in filling out forms, and clarify any doubts or questions that students may have.

The voter registration process typically involves filling out the Form 6, which is the application form for inclusion of name in the electoral roll. The volunteers help students complete this form accurately and ensure that all the necessary information is provided. They also assist in gathering the required documents, such as proof of age and address, and help students submit the application through the appropriate channels. By engaging in this voter enrollment drive, NSS-KITSW volunteers aim to increase the participation of eligible students in the electoral process. They recognize the importance of exercising the right to vote and strive to empower students by enabling them to register as voters and have a voice in the democratic process. It's worth noting that the process and requirements for voter registration may vary depending on the specific guidelines of the Election Commission of India and the state in which the college is located.

To reach a larger number of students, the volunteers have organized this mass registration drive. They have set up dedicated registration counters, provided necessary forms, and facilitated the submission of applications in bulk. During these drives, the volunteers have worked tirelessly to ensure a smooth and efficient registration process. Recognizing that documentation may be a barrier for some students, the volunteers have gone the extra mile to guide them. They have provided support in obtaining the required documents such as proof of age and address. Volunteers have assisted students in arranging or acquiring the necessary documents, ensuring that every eligible student has the opportunity to register.

As the registration process for the voter id commences for every 3 months the NSS club members had taken their time to go for enrollment of the new students who just crossed the 18 years and provided assistance to the students on how to enroll through portal .The volunteers have extended their working hours beyond regular schedules to accommodate students' availability. They have organized registration drive during leisure hours and weekends, ensuring that students with busy academic timetables can still register as voters.Continuous follow-up is a crucial aspect of their efforts. The NSSclub of KITSW maintain diligent communication with Election Commission officials to track the progress of submitted applications. They coordinate with the officials, address any issues or delays in processing applications, and ensure a smooth registration process for all students.

Furthermore, the volunteers have leveraged peer-to-peer engagement to encourage student participation. They have enlisted the help of registered students to motivate their peers and spread awareness about the importance of voter registration. This approach fosters a sense of community involvement and inspires students to take action.On whole the volunteers had successfully enrolled nearly 2000 registrations for the voter id of students of KITSW.This tremendous response got into existence only because of the remarkable hardwork of volunteers and support of the Coordinators of NSS-KITSW and the officials took part in the drive.Overall, the tireless efforts of NSS-KITSW volunteers in this voter ID drive have played a significant role in ensuring that eligible students in the college have the opportunity to exercise their right to vote. Their dedication, personalized assistance, mass registration drives, mobile units, extended working hours, follow-up efforts, and peer-to-peer engagement have collectively contributed to the success of the drive.
