# Go for society-friendly apps: Pravinya

HANS NEWS SERVICE  
WARANGAL

GWMC Commissioner P Pravinya said that national-level student technical symposiums like 'Sumshodhini'21' serve like a platform where textbook knowledge is transformed into practical skills. Delivering a keynote address at the symposium jointly organised by Indian Society for Technical Education (ISTE), KITSW student chapter and the Technical Club, Student Activity Center (SAC) here on Friday, she said that symposiums will help in developing creative innovations and exchanging knowledge between the students and industrial technocrats. The programme was sponsored by Institute of Management and Foreign Studies (IMFS). She told the students to develop apps which are useful to the society with the help of latest technologies such as Artificial Intelligence, Black chain, Machine learning and IoT.

Guest of Honor, Alignity Consulting, Texas, USA, Gopinath Kokkonda said that talent is the

strength. He quoted the words of author G. Michael Hopf - Hard times create strong men, strong men create good times, good times create weak men, and weak men create hard times – to inspire the students.

ISTE-TS, secretary and treasurer and Director, IQAC JNTU, Hyderabad Prof. AVSS Kumara Swamy Gupta said that there were 7,500 faculty and 4 lakh of students in ISTE. The objective is to share and support the latest technological development. Students to develop the knowledge on present technologies like AI-ML and Black chain and using this knowl-

edge to solve the society related problems KITSW Principal prof. K Ashoka Reddy said that the theme of Sumshodhini'21 is 'The Role of Artificial Intelligence and Machine Learning in Engineering Applications - a quest for Innovation'. He said that the symposium would help the students transfer their knowledge besides improving the organizing skills. Dr G S Gupta, Manager, IMFS, was Prof. G. ### **PROJECT EXPO**

Technical Club-KITSW & ISTE Student Chapter has organized one of the central events "***THE PROJECT EXPO***", for Sumshodhini'21. With a dynamically changing hiring patterns by the big tech companies, addressing the real time problems and making sure the solutions could have a chance of being widely adapted, projects have been the most searched things over the Internet and on a graduating student resume. The possible reason for all these patterns is the knowledge of how well students understand jumbled situations and solve it with his wisdom and knowledge he acquired. To make that project a better model, to know the level of challenges and innovation he/she implemented and most importantly the prospect of the real world is required. For that, this event provided a platform for students to showcase their talents.

**The organizing committee for the event is as followed:**
